RE: Performance Physical Therapy  
Beaver, West Virginia

Dear John,

It was a pleasure working with the Jarrett Construction team on the Performance Physical Therapy project. This was truly a collaborative effort between the Owner, the Design Team, and the production staff at Jarrett. Together we were able to arrive at an aesthetic, functional building layout while maintaining a tight budget. The communication and effectiveness of your staff in providing immediate feedback on budget considerations was extremely helpful in maintaining budget control.

The subcontractors you assembled performed in a quality manner, consistent with the contract documents. I am very pleased with the project outcome and have had extremely positive feedback from the Owner. Look forward to working with the Jarrett team in the near future.

Sincerely,

A handwritten signature in black ink, appearing to read 'John Harris'. The signature is fluid and cursive, with a long horizontal stroke extending to the right.

John Harris
